The ReQuest iQ system is the ultimate solution for family music and entertainment. With support for nearly unlimited NAS storage, iQ can handle your family's entire music collection.

With a 7 source, 6 output amplifier, iQ will let you listen to that collection any way you want. The kids can party with SiriusXM while mom and dad relax in the living room with some classical music.

Add a MediaPlayer and the iQ becomes a movie and video powerhouse as well.

For one simple price, iQ comes with everything you need - server, amplifier, and network touch screen.
