

## Streaming Services Quick Start

Enabling and configuring streaming music on your Serious Play 7 server

### MySqueezebox Setup

You must have a MySqueezebox account to use streaming audio and music services on your ReRequest server.

Create your account at  
[www.MySqueezebox.com](http://www.MySqueezebox.com)

Changes made in your MySqueezebox account may take up to 5 minutes to show up on your ReRequest system.

Once logged in, click on **App Gallery** or any of the featured app icons.

Browse to each app you are interested in and click the **Install** button..

### Supported Apps

Only the following MySqueezebox apps currently work with ReRequest. This list is subject to change.

**Absolute Radio UK, AccuRadio, BBC, CBC, CBS Radio, Classical.com, Digitally Imported, Last.fm Radio, Live365, Live Music Archive, MOG, Orange Liveradio, Pandora, Podcasts, RadioFeeds UK & Ireland, RadiolO, Radionomy, SHOUTcast, SiriusXM Internet Radio, SKY.fm, Slacker, SomaFM, Sounds & Effects, Spotify, TuneIn Radio**

### ReRequest Server Setup

Use a computer to browse to your **ReRequest** web server.

If you don't know the address of your webserver, use a computer on the same network as your ReRequest and go to:

[request.com/findmyserver](http://request.com/findmyserver)

Click on **Settings** at the bottom

Choose **Streaming Services** from the top pull-down menu.

**If Streaming Services is not an option, you may not be running Serious Play 7.**

Enter your MySqueezebox account information here.

Status messages:

**Valid Account:** Your server is ready to stream.

**Invalid MySqueezebox Account:** Incorrect username or password

**No account has been specified:** An account needs to be created at [mysqueezebox.com](http://mysqueezebox.com)

Spotify requires a **Spotify Premium** account. Enter your account info here.

The same status messages apply to Spotify service and credentials.
